1.0 Institutional identity and scope

The Demo Education Bursary Fund is a (fictional) state corporation that awards and disburses education bursaries to needy secondary school, technical and tertiary students. Applications are received online and through eight regional bursary desks, assessed against published needs-assessment criteria, approved by the Bursary Awards Committee and paid directly to the learning institution. The Fund has an establishment of 168 staff.

These Procedures apply to the Board of Trustees, management, all employees (permanent, contract and interns), agents, suppliers, contractors, partner learning institutions and any other third party that transacts with the Fund. They cover both the core mandate (call for applications, needs assessment and ranking, award decisions, disbursement, appeals and complaints) and all support services (procurement, human resource, finance, ICT, records and stores).

2.0 Commitment and objective

The Fund maintains zero tolerance to bribery and corruption and is committed to the prevention, detection, deterrence, reporting of and appropriate action against bribery and other forms of corruption, in adherence to the Anti-Bribery Act, the Bribery Regulations 2022, the Attorney-General's Guidelines (2022) and these Procedures.

3.0 Procedure content

3.1 Relevant policies

These Procedures complement the Fund's Code of Conduct and Ethics, Bursary Award Policy, Whistle-blower Protection Policy, Conflict of Interest Policy, Gifts and Hospitality Policy, Anti-Fraud Policy and the Public Procurement and Asset Disposal Act.

3.2 Bribery and corruption risk assessment

The Fund shall identify, assess and map bribery and corruption risks across core and support functions, design controls, and monitor and review them. The assessment is overseen by top management through the Corruption Prevention Committee (CPC), conducted by the Integrity Assurance Officers (IAOs), reviewed at least annually and documented in a Risk Assessment Report and an Anti-Bribery and Corruption Mitigation Plan.

3.3 High-risk areas

Award decisions and ranking of applicants; needs assessment; application intake at regional desks; disbursement to learning institutions; appeals; gifts and hospitality; conflicts of interest; procurement; recruitment; and privileged access to the applicant management information system (MIS).

3.4 Managing third parties

All contracts above KES 500,000 shall include anti-bribery clauses and a conflict-of-interest declaration; partner learning institutions confirm learner enrolment before any disbursement; these Procedures are shared with all third parties on engagement. Every procurement approval shall be supported by the evaluation report and signed conflict-of-interest declarations of the evaluation committee. From Q2 of each financial year, Internal Audit shall spot-check a sample of at least ten procurement approvals every quarter and report its findings to the CPC.

3.5 Specific controls for bursary awards

Before each award round opens, the award criteria (eligibility rules, needs-assessment weighting, required documents and the application window) shall be published on the Fund website and on the notice boards of all 47 county offices. Awards shall be approved only by the Bursary Awards Committee against the published criteria. After the award decision, the results list (applicant reference number, institution and amount) shall be published on the same channels with a 21-day appeals window. Any departure requires the written approval of the Chief Executive Officer and is reported to the CPC. From Q2 of each financial year, Internal Audit with the IAO Committee shall complete a quarterly exception review of this control, testing the publication dates and every award approved outside the published criteria, and record it in the IAO Committee minutes.

3.6 Reporting channels and processing of reports

Reports may be made in person to the Designated Senior Officer, in writing, to integrity@demo-007.example.invalid, through the reporting boxes at each regional desk, through the anonymous web form, or directly to the Ethics and Anti-Corruption Commission through its official channels. Reports are acknowledged, recorded in the Reports Register, forwarded by the Designated Senior Officer to the enforcement structure and to the Commission within 24 hours, inquired into, and the outcome communicated to the Commission within 7 days of determination. The Annex I reporting form of the EACC Model Procedures is adopted without change.

3.7 Protection of whistle-blowers, informants and witnesses

The identity of reporters is kept confidential; retaliation is a disciplinary offence; anonymous reporting is permitted; reports of victimisation are handled by the Designated Senior Officer directly with the Accounting Officer.

3.8 Communication and training

These Procedures are published on the staff intranet and website. All staff in affected functions shall be trained on them as scheduled in the Mitigation Plan; all other staff receive annual sensitisation.

3.9 Monitoring, evaluation and review

The CPC monitors implementation quarterly. These Procedures are reviewed every two years or earlier on a material change in risk, law or EACC guidance, using the Annex 2 compliance checklist of the EACC Model Procedures.
