1.0 Institutional identity and scope

The Demo Appointments Service Agency is a (fictional) state corporation that schedules and allocates service appointments for members of the public, verifies applicant documents and issues certificates. It operates a headquarters service hall and three regional service desks, with an establishment of 214 staff.

These Procedures apply to the Board of Directors, management, all employees (permanent, contract and interns), agents, suppliers, contractors and any other third party that transacts with the Agency. They cover both the core mandate (appointment allocation, rescheduling, applicant verification, certificate issuance and complaints) and all support services (procurement, human resource, finance, ICT, records and stores).

2.0 Commitment and objective

The Agency maintains zero tolerance to bribery and corruption and is committed to the prevention, detection, deterrence, reporting of and appropriate action against bribery and other forms of corruption, in adherence to the Anti-Bribery Act, the Bribery Regulations 2022, the Attorney-General's Guidelines (2022) and these Procedures.

3.0 Procedure content

3.1 Relevant policies

These Procedures complement the Agency's Code of Conduct and Ethics, Whistle-blower Protection Policy, Conflict of Interest Policy, Gifts and Hospitality Policy, Donations and Harambees Policy, Anti-Fraud Policy and the Public Procurement and Asset Disposal Act.

3.2 Bribery and corruption risk assessment

The Agency shall identify, assess and map bribery and corruption risks across core and support functions, design controls, and monitor and review them. The assessment is overseen by top management through the Corruption Prevention Committee (CPC), conducted by the Integrity Assurance Officers (IAOs), reviewed at least annually and documented in a Risk Assessment Report and an Anti-Bribery and Corruption Mitigation Plan.

3.3 High-risk areas

Appointment allocation and rescheduling; applicant verification; certificate issuance; gifts and hospitality; conflicts of interest; procurement; recruitment; facilitation payments; and privileged access to the booking system.

3.4 Managing third parties

All contracts above KES 500,000 shall include anti-bribery clauses and a conflict-of-interest declaration; new suppliers complete a due-diligence questionnaire; these Procedures are shared with all third parties on engagement.

3.5 Specific controls for appointment allocation

Every appointment slot shall be allocated, rescheduled or cancelled only through a controlled allocation register that records the officer, time and reason code of each action. Manual overrides require supervisor approval and shall be subject to a documented exception review every quarter by Internal Audit with the IAO Committee.

3.6 Reporting channels and processing of reports

Reports may be made in person to the Designated Senior Officer, in writing, to integrity@demo-001.example.invalid, through the reporting boxes in each service hall, through the anonymous web form, or directly to the Ethics and Anti-Corruption Commission through its official channels. Reports are acknowledged, recorded in the Reports Register, forwarded by the Designated Senior Officer to the enforcement structure and to the Commission within 24 hours, inquired into, and the outcome communicated to the Commission within 7 days of determination. Feedback is given to the informant where applicable. The Annex I reporting form of the EACC Model Procedures is adopted without change.

3.7 Protection of whistle-blowers, informants and witnesses

The identity of reporters is kept confidential; retaliation is a disciplinary offence; anonymous reporting is permitted; reports of victimisation are handled by the Designated Senior Officer directly with the Accounting Officer.

3.8 Communication and training

These Procedures are published on the staff intranet and website. All staff in high-risk functions shall be trained on them according to the cohort schedule in the Mitigation Plan; all other staff receive annual sensitisation.

3.9 Monitoring, evaluation and review

The CPC monitors implementation quarterly. These Procedures are reviewed every two years or earlier on a material change in risk, law or EACC guidance, using the Annex 2 compliance checklist of the EACC Model Procedures.
