Preamble

The Demo Revenue Collection Agency (DRCA) is a fictional state agency that assesses, collects and enforces the statutory Demo Development Levy on registered businesses. These Procedures adapt the EACC Model Procedures to the size, scale and nature of DRCA's operations, with particular attention to revenue assessment, arrears management and write-offs, refunds and enforcement.

1.0 Commitment

DRCA is committed to implementing bribery and corruption prevention measures in adherence to the Anti-Bribery Act, the Bribery Regulations 2022, the 2022 Guidelines on the preparation of procedures and these Procedures, and maintains zero tolerance towards bribery and corruption.

2.0 Objective

These Procedures are a practical tool for preventing, detecting, deterring, reporting and acting on bribery and corruption at DRCA.

3.0 Scope

These Procedures apply to the Board, management, all employees (permanent, contract and seconded), interns, levy agents, contractors, suppliers and other third parties at headquarters and all four regional offices. They cover core functions (registration, assessment, collection, arrears management and write-offs, refunds and clearance certificates, compliance and enforcement, taxpayer services) and support functions (finance, supply chain, human resource, ICT, legal and internal audit).

4.0 Definitions

Advantage, bribery, public entity and senior officer have the meanings assigned under the Anti-Bribery Act. **Write-off** means the approved removal of an uncollectable levy debt from DRCA's ledger. **Write-off Authority Matrix** means the approved schedule of value thresholds and the officers authorized to approve write-offs at each threshold.

5.0 Legal framework

These Procedures are developed under section 9(1) of the Anti-Bribery Act. Officers are reminded of the offences under sections 5, 6, 8, 13, 14 and 21 of that Act and the penalties under sections 18 and 19. DRCA officers are also bound by the Conflict of Interest Act, 2025.

6.0 Relevant policies

- DRCA Code of Conduct and Ethics (2024)
- Whistle Blower Protection Policy (2025)

- Conflict of Interest Policy (2026)
- Gifts and Hospitality Policy
- Revenue Write-off and Waiver Policy, supported by the Write-off Authority Matrix
- Anti-fraud Policy
- Anti-Money Laundering and Counter Terrorism Financing Policy

7.0 Bribery and corruption risk assessment and management

DRCA conducts a comprehensive risk assessment of core and support functions using the EACC Practical Guide for Corruption Risk Assessment and Management, and develops a mitigation plan. The assessment is overseen by top management through the CPC, resourced in the annual budget, documented and reviewed at least annually. The FY2026/2027 assessment is DRCA/ABC/CRA/2026-27.

8.0 High-risk areas

Write-offs and waivers of levy arrears; manual assessment adjustments; refunds and clearance certificates; compliance and enforcement visits; procurement; recruitment and promotion; ICT ledger access; gifts and hospitality; conflicts of interest; and facilitation payments.

9.0 Managing third parties

Levy agents, contractors and suppliers sign an anti-bribery declaration and a conflict of interest disclosure, are subject to due diligence proportionate to risk, and have anti-bribery clauses in their contracts.

10.0 Reporting mechanisms

Reports may be made in person to the Integrity and Compliance office, in writing to the Director General, by email to integrity@demo-004.example.invalid, through the secure web form on the DRCA (demo) portal, or through reporting boxes at each regional office. Reports may also be made directly to the EACC through the channels the Commission publishes. Each report is acknowledged and recorded in the Reports Register; the designated senior officer refers it to the enforcement structure and to the Commission within 24 hours; the outcome is communicated to the Commission within 7 days of determination; and feedback is given to the informant where applicable.

11.0 Protection of whistle blowers, informants and witnesses

DRCA keeps their identities confidential, permits anonymous reporting, provides a channel for reporting retaliation, and acts on any retribution under the Whistle Blower Protection Policy (non-retaliation clause).

12.0 Communication and training

These Procedures are circulated to all staff and posted on the intranet and website. Sensitization is conducted at least once a year, and staff in affected functions are trained in the quarterly cohorts named in the mitigation plan.

13.0 Collaboration

DRCA collaborates with the EACC and peer revenue agencies on joint planning, information sharing, peer review and capacity building.

14.0 Implementation

- **Designated senior officer:** Ms. Zawadi A. Ochieng, Manager, Integrity and Compliance.
- **Implementation structure:** the Corruption Prevention Committee (CPC), chaired by the Director General as Accounting Officer, with the trained Senior IAO as Secretary, meeting at least quarterly.
- **IAO Committee:** one Integrity Assurance Officer per directorate and regional office, chaired by the Senior IAO, meeting each quarter before the CPC.
- **Enforcement structure:** the Ethics and Disciplinary Committee, set up by the designated senior officer in consultation with the CPC.
- Top management provides resources, communicates DRCA's zero-tolerance commitment and periodically assesses compliance against the Annex 2 checklist of the Model Procedures.

15.0 Monitoring, evaluation and review

The CPC monitors implementation quarterly through signed CPC and IAO Committee minutes and quarterly progress reports. These Procedures are reviewed every two years or earlier if required.

Declaration of commitment

The Demo Revenue Collection Agency is committed to implementing these Procedures on prevention of bribery and other forms of corruption developed pursuant to section 9 of the Anti-Bribery Act, Cap. 79B.
